ABOUT US

We have developed a state-of-the-art infrastructure in 1988 which is well divided into various units such as processing unit, quality testing unit, R&D unit and sales & marketing department. The entire process is efficiently operated by a team of professionals which holds extreme expertise in this field.

Under the able and efficient guidance of our director Mr. R.P. Mittal, we have been able to position ourselves prominently in the industry.

Leveraging upon vast industry experience of a three decade, we have gained expertise in offering Essential Oils, Spice Oils, Spice- Oleoresins, Aromatherapy Oils, Floral Absolute its Concretes & Waxes, Herbal Extracts, Resinoids, Perfumery Compounds, Seasonings, Flavors & Aromatic Chemicals.

Using technology both Steam distillation & Indian Dags. The team rigorously checks the products for GCMS, GLC, Refractive Index and Optical rotation.

WHY US

All the products are hygienically processed by using natural and herbal extracts. These products are widely demanded for the characteristic therapeutic properties of the products and tantalizing aroma. Apart from this, the Colors and Flavors that we provide, do not affect the digestive systems and thus, are safe to consume.

Further, the quality controllers check the products. Owing to the dedicated team efforts of our professionals, we have been able to meet the various requirements of the cosmetic, health & beauty, chemical, pharmaceutical, food & beverage and other industries. Further, our ethical business practices and cordial relations with the clients have accelerated our growth and helped us in gaining optimum client satisfaction.
